

AGILE FOR LEADERS

TRAINING COURSE

COURSE SUMMARY

This two-day Agile for Leaders Training provides leaders with the understanding and tools they need to effectively lead Agile and Scrum teams and support an Agile culture. The course provides a brief overview of Agile Values and Principles, lean concepts, and a summary of the most popular agile frameworks. Leaders will understand common Agile terminology and practices, why those practices are used, and how to support teams to master them.

The course also explores recommended metrics and reports for Agile teams and how to avoid asking teams to report on the wrong things. The Agile for Leaders training course addresses the key leadership traits needed to be effective with Agile and how to create a receptive environment for Agile to succeed.

WHO SHOULD ATTEND

This course is intended for executives, PMO leaders, managers, stakeholders and others who play a leadership role in an Agile environment or are responsible for helping Agile teams succeed.
